# Cock Ring Sizer

## Instructions:

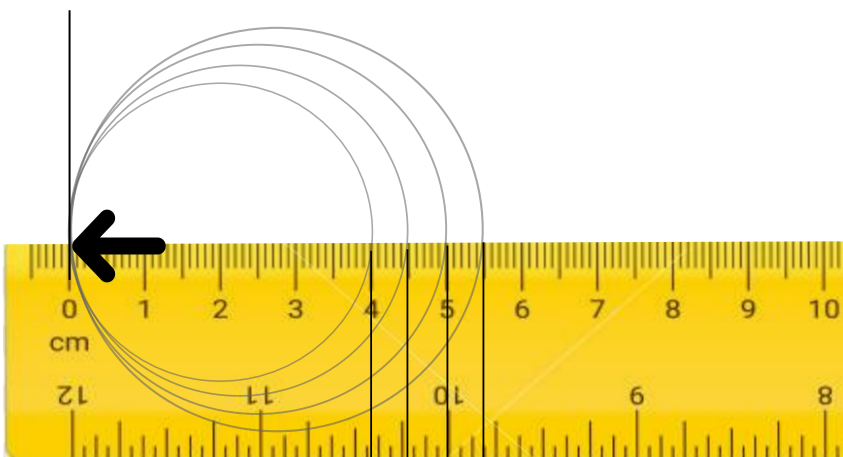

1. Print the sizer on LEGAL Paper at 100% (don't scale it).
2. Put some tape on the whole length of the sizer, to make it nice and strong.
3. Make a slot in the ring sizer by cutting along the dotted line.
4. Fluff up your penis, for inspiration
5. Place cock ring sizer around penis and balls, base of your penis or just under your glans, depending on where you would like to wear your ring (with the numbers facing out).
6. Your new cock ring needs to be the perfect size, so pull tight.
